# ABOUT THE PTA

We are a registered charity that aims to:

Raise additional funds for the school  
and

Foster a vibrant school community through our events and activities

## **PTA Committee**

An elected group parents, governors and staff who look after the overall activities of the PTA. They formulate event ideas and produce and deliver the annual calendar. They also decide how best to allocate the money raised to ensure we support special projects and initiatives that the school has identified.

## **Events Committees**

Each event has a sub committee who takes ownership of that individual event.

## **Class Reps**

Each year group has 2 class reps, who are parent volunteers who help co-ordinate activities and communicate updates to parents.
